Chairman's Letter

Dear Unitholder,

Gold delivered another exceptional year in FY2026, again confirming its role as a safe-haven asset and beneficiary of structural demand. The US gold price rose around 22% over the year to close at US\$4,022/oz, having surged as high as US\$5,231/oz in February, a gain of almost 60% over the year to that point, before easing back as the momentum trade unwound. In Australian-dollar terms, the gold price rose 15.5% for the year. Since inception on 22 November 2022, AGGF has delivered a total return of 223% and an annualised return of 38.4%.

Against this backdrop, the Argonaut Global Gold Fund (AGGF) returned 76.4% for the financial year, ahead of the 37.5% gain in the Van Eck Junior Gold Miners Index (in A\$) and the 29.9% rise in the S&P/ASX All Ordinaries Gold Index, and well ahead of its formal benchmark, the RBA CPI Rolling Annual Rate, which returned 3.3%.

The Fund's unit price closed the financial year at \$1.32 per unit, following a distribution of \$0.97 per unit.

At financial year-end, the portfolio was positioned 51% in producers, 11% in developers and 18% in explorers, with the balance in cash. We continue to favour high-quality, mid-tier producers with strong production growth, free cash generation, reserve value and capable management teams, while retaining selective exposure to developers and explorers where risk-adjusted returns are compelling.

AGGF's investment philosophy remains unchanged: concentrate on good quality / good value companies and management teams, maintain liquidity to act decisively, and emphasise balance-sheet strength and free-cash-flow visibility.

Looking ahead, we expect gold to remain well supported in FY27 underpinned by continued central bank buying, ongoing geopolitical tensions and concerns over Western world debt levels. At current gold prices, free cash generation across our core producer holdings should continue to build, and we will remain selective in adding to developers and explorers where risk-adjusted returns are compelling.

On behalf of the Board, thank you for your continued trust and partnership. The Fund's results this year and since inception reflect the team's rigorous research, active engagement with companies, and disciplined risk management. We remain confident that the Fund's positioning, liquidity, and strategy are well suited to the opportunities and challenges ahead.

Edward Rigg
Chairman
Argonaut Funds Management Limited

In the opinion of the directors of the Fund:

- the attached financial statements and notes comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Fund's financial position as at 30 June 2026 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

This declaration is made in accordance with a resolution of the Board of Directors.

Edward Rigg
Chairman

David Franklyn
Director of the Trustee

24 September 2026

The directors of Argonaut Funds Management Limited (ACN 101 152 863) (the "Trustee") of Argonaut Global Gold Fund (the "Fund"), present their report, together with the financial statements, on the Fund for the year ended 30 June 2026.

**Directors of the Trustee
Edward Rigg – Chairman**

Edward is a co-founder of Argonaut. He has extensive experience in the execution of Mergers and Acquisitions and capital raisings for both public and private companies and is an active originator of domestic and cross border transactions for small cap through to large multinational entities and SOEs predominantly in the metals and mining and energy sectors. Prior to establishing Argonaut, Eddie was an Executive Director, Investment Banking of CIBC World Markets, a global investment bank. Eddie is a 40under40 and City of Perth Business Award winner.

Edward is a Responsible Manager for the Trustee under the Australian Financial Services Licence regime.

Benjamin Clifford – Executive (Resigned effective 1st December 2025)

Mr. Clifford resigned from Argonaut with an effective date of 1st December 2025. Prior to his resignation, Ben was a Managing Director and Board member of Argonaut Limited. He was also Co-Head of Funds Management at Argonaut and the Portfolio Manager of the Argonaut Global Gold Fund.

Benjamin is a Responsible Manager for the Trustee the Australian Financial Services Licence regime.

David Franklyn – Executive

David is an Executive Director and Joint Head of Funds Management at Argonaut. He is Chief Investment Officer for Argonaut Funds Management Limited. He is also Portfolio Manager of Argonaut Natural Resources Fund.

David has over 25 years of financial market experience, including almost ten years as head of research at a leading small companies' stockbroker and ten years as managing director of a boutique funds management business. David is an experienced business executive, having held senior roles in ASX listed and unlisted companies.

David is a Responsible Manager for the Trustee under the Australian Financial Services Licence regime.

Glen Colgan – Non-Executive

Glen has more than 30 years' experience in the financial sector, in particular the Australian stockbroking industry. He has extensive experience in most facets of share trading and advisory having worked as a trading floor operator, designated trading representative, private client advisor and corporate stockbroker.

Prior to joining Argonaut in 2006, Glen spent 6 years as Branch Manager of a successful Goldfields-based stockbroking operation, where he gained a detailed knowledge of the mining and mineral exploration industries. Glen traditionally specialises in small to mid-cap resources stocks and also provides equities investment advice for portfolios, is qualified to advise on Superannuation and is a Level 1 Accredited Derivatives Advisor.

Kevin Johnson – Non-Executive (Resigned effective 30 June 2026)

Mr Johnson resigned from Argonaut effective 30 June 2026. Prior to his resignation, Kevin was an Executive Director of Argonaut Securities. Kevin specialises in providing share-market advice, portfolio management and trade execution services for domestic and international private clients and corporates, international brokers, and resource funds.

Kevin has more than 30 years of experience in the financial services industry. He started his career at the Reserve Bank of Australia then began stockbroking as a trading floor operator in the late 80's. His advisory career included Perth offices for BNZ, HSBC and Citigroup stockbroking operations before joining Argonaut in November 2006.

Kevin is a Responsible Manager for the Trustee under the Australian Financial Services Licence regime.

Gregory Southee – Non-Executive

Gregory is the Managing Director of Argonaut Limited and also Head of Corporate Finance. He has qualifications in law and commerce with majors in finance and accounting. Gregory has extensive experience in M & A, capital raisings, debt advisory and corporate restructurings. He has been involved in a wide range of advisory roles and has developed innovative solutions for companies across a range of industries.

Gregory has originated a number of cross-border transactions and works with small cap through to large multi-national companies.

Meetings of Directors

The number of meetings of the company's Board of Directors held during the year ended 30 June 2026, and the number of meetings attended by each director were:

	Number eligible to attend	Number attended
Edward Rigg	4	4
David Franklyn	4	4
Greg Southee	4	3
Glen Colgan	4	4
Kevin Johnson	4	2
Benjamin Clifford	1	1

Operating Results

The Fund generated a profit for the year ended 30 June 2026 of \$13,519,711 (30 June 2025: \$6,171,734).

Review of Financial Position

The Net Asset position of the Fund for the period ended 30 June 2026 is \$16,351,982.

Review of Operations

The net income attributable to unitholders for the Fund amounted to \$13,519,711 (30 June 2025: \$6,171,735).

The Argonaut Global Gold Fund commenced operations on 21 November 2022. For FY 2026, the Fund delivered a total return of 76.4% and established a portfolio of good quality and good value global gold companies, spanning gold producers, developers and explorers. Consistent with the investment mandate, the Fund retained a weighting of over 51% of the portfolio to globally listed gold producers during the period.

Investment Process

The investment manager has a rigorous investment system. Decisions are based on a three-step investment process:

- **Step One** is a high-level assessment of the overall market;
- **Step Two** is a macro assessment of global trends, precious metals markets and preferred operating locations; and
- **Step Three** consists of specific micro-company analysis focusing on our "5 Bricks" investment analysis system, which assesses companies based on five criteria – management, valuation, financial strength, business strength and responsible investing.

Portfolio Summary

As at 30 June 2026, the Fund's portfolio consisted of 18 separate investments with exposures to Gold Producers (51%), Explorers (18%), Developers (12%), and Cash (19%). The cash weighting at year-end was unusually high reflecting the volatile market conditions at this time.

As at 30 June 2026, the Top 5 stock holdings were:

Company	Weighting	Type
San Lorenzo Gold (CA)	15.8%	Explorer
Genesis	11.6%	Producer
Ramelius	9.8%	Producer
Catalyst	8.6%	Producer
Greatland	8.2%	Producer

Our view is that we are in the midst of a multi-year upgrade cycle in gold and precious metals equities and we have built a high-quality portfolio to capitalise on this outlook.

Investment Management Agreement

The Trustee of the Argonaut Global Gold Fund, Argonaut Funds Management Limited, has entered into an Investment Management Agreement with the Investment Manager, AFM Artemis Pty Ltd. This agreement outlines the terms and conditions under which the Fund will be managed and details the fees to be paid to the investment manager.

Under the terms of the Investment Management Agreement, AFM Artemis Pty Ltd charges the Fund the following fees:

- A base management fee of up to 1.5% per annum (excluding GST) of funds under management (gross assets of the Fund), accrued and payable monthly in arrears. For the year to 30 June 2026 the total base management fee accrued by the Fund was \$421,812.
- A Performance fee equal to 20% of the increase in Net Asset Value ("NAV") per unit, above the Benchmark return over the twelve-month period between 1 July and 30 June, accrued monthly and payable annually in arrears. This is subject to a high-water mark, being the previous highest NAV per unit of the Fund (adjusted for distributions) immediately after payment of a Performance Fee. Further details on the performance fee and high-water mark are available in the Argonaut Global Gold Fund Information Memorandum. For the year to 30 June 2026 the total performance fee accrued by the Fund was \$3,167,105).

In the financial year ended 30 June 2026, the Fund unit price increased from \$1.298 per unit to \$2.293 per unit (before the distribution of \$0.973), an increase of 76.4%. This compares to the Fund's benchmark, the RBA CPI Rolling Rate which increased by 4.5%. Relevant gold indices, the ASX All Ordinaries Gold Index and the Van Eck Junior Gold Miners (GDXJ USD in AUD) were up by 32.2% and 33% respectively.

The outperformance amount was \$15,831,267, of which 80% (\$12,664,162) was retained by the Fund to the benefit of the unitholders, with 20% (\$3,167,105) accrued as investment manager's performance fee.

Principal Activities

During the financial year, the principal activity of the Fund was the business of buying and selling securities in the financial markets with a view to generating a profit.

Likely Developments and Results

Likely developments in the operations of the Fund and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the Fund.

Indemnifying Officers or Auditors

Indemnities have been given for the Directors of the Trustee and to the Investment Manager to the maximum extent permitted by law. Apart from these indemnities, the Fund has not indemnified or made a relevant agreement for indemnifying against a liability of any person who is or has been made an Officer or Auditor of the Fund.

In accordance with the Corporations Act 2001, the Trustee pays a premium to insure Officers against any liability incurred as an Officer of that entity or of a related body corporate. This may include a liability for reasonable costs and expenses incurred in defending proceedings, whether civil or criminal and whatever their outcome.

Proceedings on Behalf of the Fund

No persons have applied for leave of the Court to bring proceedings on behalf of the Fund or intervene in any proceedings to which the Fund is a party for the purpose of taking responsibility on behalf of the Fund for all or any part of those proceedings.

The Fund was not a party to any such proceedings during the year.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Fund during the financial year.

Environmental regulation

The Fund's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a State or Territory.

Indemnity and insurance of officers

The Fund has indemnified the directors and executives of the Fund for costs incurred, in their capacity as a director or executive, for which they may be held personally liable, except where there is a lack of good faith.

During the financial year, the Fund paid a premium in respect of a contract to insure the directors and executives of the Investment Manager against a liability to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

Indemnity and insurance of auditor

The Fund has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the Fund or any related entity against a liability incurred by the auditor.

During the financial year, the Fund has not paid a premium in respect of a contract to insure the auditor of the Fund or any related entity.

Interests in the Fund

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in note 3 to the financial statements.

Auditor's independence declaration

A copy of the Auditor's Independence Declaration as required under Section 307C of the Corporation Act is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

On behalf of the directors

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

On behalf of the directors

Edward Rigg
Chairman

David Franklyn
Director of the Trustee

24 September 2026

To the Board of Directors,

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

As lead audit Director for the audit of the financial statements of Argonaut Global Gold Fund for the financial year ended 30 June 2026, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- any applicable code of professional conduct in relation to the audit.

Yours faithfully

HALL CHADWICK WA AUDIT PTY LTD

D M BELL FCA
Director

Dated this 24th day of September 2026
Perth, Western Australia

Note 1. General information

This financial report covers Argonaut Global Gold Fund (ABN 64 866 460 083) (the "Fund") which is an unlisted and unregistered managed investment scheme, structured as a unit trust.

The Trustee of the Fund is Argonaut Funds Management Pty Ltd (ACN 101 152 863, AFSL 224815) (the "Trustee"). The registered office and principal place of business of the Fund is:

Allendale Square
Level 16
9 The Esplanade
Perth WA 6000

This financial report was authorised for issue by the directors of Argonaut Funds Management Ltd, as Trustee of the Argonaut Natural Resources Fund, on 24 September 2026. The directors have the power to amend and reissue the financial report.

Note 2. Adoption of new or amended accounting standards and interpretations

The Fund has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The adoption of these Accounting Standards and Interpretations did not significantly impact the financial performance or position of the Fund.

The following Accounting Standards and Interpretations are most relevant to the Fund:

Conceptual Framework for Financial Reporting (Conceptual Framework)

The Fund has adopted the revised Conceptual Framework from 1 July 2020. The Conceptual Framework contains new definition and recognition criteria as well as new guidance on measurement that affects several Accounting Standards, but it has not had a material impact on the consolidated entity's financial statements.

AASB 1060 General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities

The Fund has adopted AASB 1060 from 1 July 2020. The standard provides a new Tier 2 reporting framework with simplified disclosures based on the IFRS requirements for SMEs. As a result, there is increased disclosure in these financial statements for key management personnel, related parties, tax and financial instruments

Note 3. Material accounting policies

This financial report includes the financial statements and notes of Argonaut Global Gold Fund, formerly known as Argonaut Australian Gold Fund. Argonaut Global Gold Fund ("Fund") is a private unit trust, domiciled in Australia.

The following Accounting Standards and Interpretations are most relevant to the Fund:

Basis of preparation

The financial report is a general-purpose financial report prepared according to Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, and the Corporations Act 2001.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis. It is based on historical costs, modified, where applicable, by measuring the fair value of selected non-current assets, financial assets and financial liabilities.

Note 3. Material accounting policies (continued)

The functional and presentation currency of the Fund is Australian dollars (AUD), which is the currency of the primary economic environment in which the Fund operates. The financial statements are presented in Australian dollars.

Revenue and Other Income

Share trading

Other income from the sale of shares is recognised on the day the security is traded and comprises net profit on the sale of securities.

Interest

Interest revenue is recognised on an accrual's basis.

Dividends

Dividends are recognised when declared.

Cash and cash equivalents

For the purposes of the cash flow statement, cash includes cash on hand and at call deposits with banks or financial institutions, investments in money market instruments maturing within less than three months, net of bank overdrafts.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

Financial instruments

Initial recognition and measurement

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial instruments are initially measured at fair value plus transaction costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires, or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled, or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Classification and Subsequent Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the assets or liability, assuming the market participants act in their economic best interests.

- (i) Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those not expected to mature within 12 months after the end of the reporting period. (All other loans and receivables are classified as non-current assets.)

- (ii) Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit and loss through the amortisation process and when the financial liability is derecognised.

Note 3. Material accounting policies (continued)

Unit issues and redemptions

Units are classified as equity in accordance with AASB 132. Applications for units are recognised on receipt as an increase in the Fund's net assets attributable to unitholders. Units are redeemed at the request of unitholders in accordance with the Fund's constitution, at the redemption price applicable at the relevant redemption date, with the corresponding reduction in net assets attributable to unitholders. Costs directly attributable to the issue or redemption of units are recognised directly in equity as a deduction from the proceeds or an addition to the cost, net of any tax effect.

Distributions

Distributions to unitholders are recognised in the Statement of Changes in Net Assets Attributable to Unitholders when they are determined by the Trustee. A distribution declared but not yet paid at reporting date is recognised as a liability (distribution payable) in the Statement of Financial Position.

Impairment

The carrying amounts of the Fund's assets other than other financial assets and deferred tax assets are reviewed at each balance date to determine whether there is any indication of impairment, and if so, the asset's recoverable amount is estimated.

An impairment loss is recognised in the income statement unless an asset has been previously revalued, in which case the impairment loss is recognised as a reversal to the extent of the previous revaluation through the profit and loss.

Impairment of receivables is not recognised until objective evidence is available that a loss event has occurred. The recoverable amount of other assets is the greater of their fair value, less costs to sell, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

Income Tax

Under current Australian income tax legislation, the Trust is not liable for income tax, provided taxable income (including any realised capital gains) is fully attributable to unit holders each year.

Potential future income tax benefits net of deferred tax liabilities attributable to tax losses have not been brought to account because the Trustee does not believe it is appropriate given the Argonaut Global Gold Fund is not assessed in its own right for income tax.

Critical accounting judgements, estimates and assumptions

The Directors evaluate estimates and judgements incorporated into the Financial Report based on historical knowledge and best available current information. Estimates assume reasonable expectations of future events based on current trends and economic data, obtained both externally and within the Fund.

Key Estimates – Impairment

The Fund assesses impairment at the end of each reporting period by evaluating conditions and events specific to the Fund that may indicate impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations, which incorporate various key assumptions.

Note 4. Financial Risk Management

Financial Risk Management Policies

The Fund's financial instruments consist mainly of deposits with banks, short-term investments, and accounts receivable and payable.

The primary purpose of non-derivative financial instruments is to raise finance for Fund investments.

Note 4. Financial Risk Management (continued)

The Fund does not use derivatives for hedging purposes. The Fund does not speculate in the trading of derivative instruments.

i. Treasury Risk Management

Senior Executives of the Fund meet regularly to analyse financial risk exposure and evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

The Senior Executives overall risk management strategy seeks to minimise potential adverse effects on financial performance.

The Senior Executives operate under the guidance of the Board of Directors. Risk Management initiatives are addressed by the Board when required.

ii. Financial Risk Exposures and Management

The main risks the Fund is exposed to through its financial instruments are interest rate risk, liquidity risk, market risk, credit risk and price risk.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The entity's exposure to interest rate risk is limited to cash and cash equivalents, and financial liabilities.

At 30 June 2026, the Fund does not have any material interest rate risk exposure.

Liquidity risk

The Fund manages liquidity risk by monitoring forecast cash flows.

Market risk

Market risk is the risk that the value of the Fund's investments will fluctuate due to changes in market prices. It is recognised that the investment portfolio comprises a proportion of speculative investments in the mining and resources sector. To minimise market risk, positions are monitored daily and marked-to-market regularly.

Net fair values of financial assets and liabilities

Assets and liabilities included in the Statement of Financial Position are carried at amounts that approximate their fair values. Please refer to note 3 for the methods and assumptions adopted in determining net fair values for investments.

Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognise financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the Statement of Financial Position and notes to the financial statements.

The Senior Executives ensure that the Fund deals with:

- Only banks and financial institutions with an "A" rating; and
- All potential customers are rated for credit-worthiness, taking into account their size, market position and financial standing.

The Fund invests in listed available-for-sale/held to maturity financial assets. Unlisted available-for-sale / held to maturity financial assets are not rated by external credit agencies. These are reviewed regularly by the Fund to ensure that credit exposure is minimised.

Note 4. Financial Risk Management (continued)

The credit risk for counterparties included in trade and other receivables is detailed below:

	30 June 2026	30 June 2025
	\$	\$
Cash and cash equivalents	9,655,273	1,251,947
Other assets	65,271	49,413
Financial Assets at fair value through profit or loss	21,877,936	18,106,976

Price risk

The Fund is exposed to changes in share prices of the portfolio of securities that it holds. Securities are monitored regularly to ensure that the relevant companies in which shares are held meet the Investment Committee's investment standards.

iii. Net Fair Values

The net fair values of:

- Listed investments have been valued at the quoted market last sale price at the balance date. For unlisted investments where there is no organised financial market, the net fair value has been based on the cost base of the investment or the reasonable estimation of the underlying net assets.
- Other loans and amounts due are determined by discounting the cash flows, at market interest rates of similar borrowings, to their present value.
- Other assets and other liabilities approximate their carrying value.

Credit risk is reviewed regularly by the Senior Executives.

No financial assets and financial liabilities are readily traded on organised markets in a standardised form other than listed investments.

Aggregate net fair values and carrying amounts of financial assets and financial liabilities at balance date

As at 30 June 2026, the carrying amounts of all financial assets and liabilities approximated their fair values.

iv. Sensitivity Analysis

Interest rate risk, foreign currency risk and price risk

The Fund has performed sensitivity analysis relating to its exposures to interest rate risk and price risk at balance date and has determined that increases and decreases are not material to the Fund.

Fair value measurements recognised in the statement of financial position

The following table provides an analysis of financial instruments measured subsequent to initial recognition at fair value, grouped into Levels 1 and 2 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 fair value measurements are those that cannot be determined by using readily observable inputs or measures, such as market prices or models. They are calculated using estimates or risk-adjusted value ranges.

Note 4. Financial Risk Management (continued)

30 June 2026

Financial assets:	Level 1	Level 2	Level 3	Total
<i>Financial assets at fair value through profit or loss:</i>	\$	\$	\$	\$
Investments: held for trading	21,013,001	-	-	21,013,001
Unlisted options over shares in the investee company	-	-	864,935	864,935
Total	21,013,001	-	864,935	21,877,936

30 June 2025

Financial assets:	Level 1	Level 2	Level 3	Total
<i>Financial assets at fair value through profit or loss:</i>	\$	\$	\$	\$
Investments: held for trading	18,106,976	-	-	18,106,976
Unlisted options over shares in the investee company	-	-	-	-
Total	18,106,976	-	-	18,106,976

Listed Equity Sensitivity Analysis

At 30 June 2026, the effect on profit and equity as a result of changes in listed equity prices, with all other variables remaining constant, would be as follows:

	30 June 2026	30 June 2025
	\$	\$
<i>Change in profit</i>	-	-
Increase in listed equity prices by 10%	2,187,794	1,810,698
Decrease in listed equity prices by 10%	(2,187,794)	(1,810,698)
<i>Change in Equity</i>	-	-
Increase in listed equity prices by 10%	2,187,794	1,810,698
Decrease in listed equity prices by 10%	(2,187,794)	(1,810,698)

Options over shares in the investee company

The Fund holds 4,675,325 unlisted options over ordinary shares in the investee company, exercisable at \$0.24 and expiring 5 February 2029. The options are classified as Level 3 because a significant input to the valuation — the calibration of modelled time value to observable market evidence — is unobservable.

The options are valued using the Black-Scholes option pricing model, with inputs comprising the investee company's closing share price at balance date, the exercise price of \$0.24, the remaining contractual term, a risk-free rate based on the Australian Government bond yield matched to that term, and nil expected dividends. The volatility input is based on a normalised, peer-consistent estimate rather than the investee company's own trailing realised volatility.

The modelled value is then calibrated to observable market evidence for comparable deep in-the-money, long-dated quoted options, which trade at approximately their intrinsic value. This calibration reflects that market participants pay little to no premium for the remaining time value of a deep in-the-money option of this kind, and is the significant unobservable input in the valuation.

At 30 June 2026, the options had an intrinsic value of \$0.185 per option (\$864,935 in aggregate), based on the investee company's closing price of \$0.425. The directors have adopted this amount as fair value, being supportable within a calibrated fair value range of \$0.185 to \$0.219 per option.

Note 4. Financial Risk Management (continued)

Quantitative information about Level 3 inputs (AASB 13.93(d))

Input	Amount/basis
Valuation technique	Black-Scholes, calibrated to observable market evidence
Investee company share price at 30 June 2026	\$ 0.425
Exercise price	\$ 0.24
Remaining term at 30 June 2026	2.6 years
Risk-free rate	4.41%
Volatility (unobservable input)	82.5% — peer-consistent, normalised estimate
Calibration to market evidence (unobservable input)	Deep in-the-money comparable options trade at approximately intrinsic value; modelled time value is discounted accordingly
Fair value	\$ 0.185 per option (\$864,935)

Foreign currency risk

The Fund may be exposed to foreign currency risk through its investment in securities denominated in, or with underlying operations exposed to, currencies other than Australian dollars. At 30 June 2026, the Fund's exposure to foreign currency risk was material, as 19.6% of the portfolio investments (AU\$4,971,697) is in CAD.

Note 5. Other Expenses

	30 June 2026	30 June 2025
	\$	\$

Note 11. Issued Capital (continued)

Unitholders have the following rights (amongst others):

- right to receive notices of meetings of the Fund and to attend such meetings and to vote at such meetings except in relation to winding up the Fund
- right to receive distributions
- rights under the Corporations Act to wind up the Fund

Capital Management

Fund policy is to have no bank debt.

Management controls the capital of the Fund in order to maintain a good debt to equity ratio, in an endeavour to provide the shareholders with adequate returns and to ensure that the Fund can fund its operations and continue as a going concern.

The Fund's debt and capital include ordinary share capital and financial liabilities, supported by financial assets. There are no externally imposed capital requirements.

Management effectively manages the Fund's capital by assessing the Fund's financial risk and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

There have been no changes in the strategy adopted by management to control the capital of the Fund since the prior year. This strategy is to ensure that the Fund's gearing ratio remains conservative.

Note 12. Operating Segments

Identification of reportable segments

The Fund has identified one reportable segment, the financial investment industry, based on the internal reports reviewed and used by the Board of Directors (chief operating decision makers) to assess performance and determine the allocation of resources.

The Board reviews financial information on the same basis as presented in the financial statements. It has therefore determined the operating segment on this basis.

Basis of accounting for purposes of reporting by operating segments

Accounting policies adopted

Unless stated otherwise, all amounts reported to the Board of Directors, being the chief decision-maker concerning operating segments, are determined according to accounting policies consistent with those adopted in the Fund's annual financial statements.

Segment assets

Where an asset is used across multiple segments, the asset is allocated to that segment that receives the majority economic value from that asset. In the majority of instances, segment assets are clearly identifiable based on their nature and physical location.

Liabilities are allocated to segments where there is a direct nexus between the incurrence of the liability and the segment's operations. Segment liabilities include trade and other payables and certain direct borrowings. Borrowings and tax liabilities are generally considered to relate to the Fund as a whole and are not allocated.

Geographic Segment

The Fund operates from one geographic location, being Australia, from where its investing activities are managed.

Note 13. Related party transactions

Management Fees

The Trustee of the Argonaut Global Gold Fund, Argonaut Funds Management Limited, has entered into an Investment Management Agreement with the Investment Manager, AFM Artemis Pty Ltd. This agreement outlines the terms and conditions under which the Fund will be managed and details the fee to be paid to the investment manager.

Note 13. Related party transactions (continued)

Under the terms of the Investment Management Agreement, AFM Artemis Pty Ltd charges the Fund the following fees:

- A base management fee of up to 1.5% per annum (excluding GST) of funds under management (gross assets of the Fund), accrued and payable monthly in arrears.
- A Performance fee equal to 20% of the increase in Net Asset Value ("NAV") per unit, above the Benchmark return over the twelve-month period between 1 July and 30 June, accrued monthly and payable annually in arrears. This is subject to a high-water mark, being the previous highest NAV per unit of the Fund (adjusted for distributions) immediately after payment of a Performance Fee. Further details on the performance fee and high-water mark are available in the Argonaut Global Gold Fund Information Memorandum.

AFM Artemis Pty Ltd Fees	30 June 2026	30 June 2025
	\$	\$
Performance fee	3,203,085	1,442,790
Base fee	421,812	228,899
	3,624,897	1,671,689

Shareholdings of related entities

The License Holder – Argonaut Securities Pty Limited

Argonaut Securities Pty Limited holds Australian Financial Services License No. 274099 which enables it to operate wholesale managed investment schemes. Argonaut Securities Pty Limited operates as the licensee of the Argonaut Global Gold Fund.

No fees are paid by the Fund to the License Holder for the provision of this service.

The Trustee – Argonaut Funds Management Limited

Argonaut Funds Management Pty Ltd is a wholly owned subsidiary of Argonaut PCF Limited.

Argonaut Funds Management Pty Ltd is the Trustee of the Argonaut Global Gold Fund.

No fees were paid by the Fund to the Directors of the Trustee for their services.

The Directors of the Trustee are detailed below along with details of their unitholding in the Argonaut Global Gold Fund:

Entities Related to Manager	Representative	Balance 30 June 2025 No.	Net Change Other No.	Balance 30 June 2026 No.
Argonaut Partners Pty Limited	Edward Rigg	302,793	49,921	352,714

The Investment Manager – AFM Artemis Pty Ltd

The Investment Manager of the Fund is AFM Artemis, a corporate authorised representative of Argonaut Securities Pty Limited. The Argonaut group are specialist resource sector investors and advisors, supported by a strong research team of four company analysts covering the resources and mining service areas.

The investment manager is responsible for the investment activities of the Fund and operates according to the guidelines established in the Investment Management Agreement. The Fund invests across both large and small capitalisation companies listed on the Australian Securities Exchange, with a focus on identifying compelling fundamental value in the gold segment of the market.

Note 13. Related party transactions (continued)

The Directors of the Investment Manager are the same as The Trustee and accordingly the information is detailed above.

Key Management Personnel Compensation

The Fund's Key Management Personnel (KMP) are the directors of the Trustee, Argonaut Funds Management Ltd, listed in the Directors' Report. No compensation was paid or is payable by the Fund directly to KMP for their services during the year ended 30 June 2026 (2025: \$Nil). KMP services are provided to the Fund through the Investment Manager, AFM Artemis Pty Ltd, and the Trustee, as related management entities — refer to Note 13 for the fees paid or payable to those entities, which are separately disclosed as related party transactions above.

Certain KMP (or entities associated with them) hold units in the Fund on the same terms as other unitholders — refer to the unitholding table above for details of their unitholdings and net movements during the year.

Note 14. Remuneration of auditors

<i>Audit services - Hall Chadwick</i>		
Audit and review of the financial report	<u>8,250</u>	<u>7,224</u>

Note 15. Events after the reporting period

No matter or circumstance has arisen since 30 June 2026 that has significantly affected, or may significantly affect the Fund's operations, the results of those operations, or the Fund's state of affairs in future financial years.

Note 16. Contingent assets, liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 30 June 2026.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF ARGONAUT GLOBAL GOLD FUND

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Argonaut Global Gold Fund ("the Fund"), which comprises the statement of financial position as at 30 June 2026, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies, and the directors' declaration.

In our opinion:

- a. the accompanying financial report of the Fund is in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Fund's financial position as at 30 June 2026 and of its financial performance for the year then ended; and
 - (ii) complying with Australian Accounting Standards – *Simplified Disclosures* and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Fund's annual report for the year ended 30 June 2026, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Trustee are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our responsibility is to express an opinion on the financial report based on our audit. Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Fund to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Fund audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
